

**SHERRY M. THOMPSON, M.D., APPOINTED LABORATORY DIRECTOR OF
AURORA DIAGNOSTICS MARK AND KAMBOUR PATHOLOGY**

Palm Beach Gardens, FL – October 2013. Aurora Diagnostics is pleased to announce the appointment of Dr. Sherry M. Thompson as Laboratory Director of Aurora Diagnostics Mark and Kambour Pathology (ADXM&K) based in Coral Gables, FL. As Laboratory Director, Dr. Thompson will oversee the direction of ADXM&K's histology and diagnostic laboratory and their quality management programs. ADXM&K is one of Aurora's multispecialty laboratories, with five (5) board-certified pathologists and over twenty (20) laboratory scientists/technicians on staff.

ADXM&K Pathology has been privileged to include Dr. Thompson as a key member of its medical staff since 2010. Dr. Thompson earned a medical degree (M.D.) from the University of Miami Leonard M. Miller School of Medicine, Miami, FL, followed by the successful completion of a four-year residency in anatomic and clinical pathology (fourth-year Chief Resident) at the University of Miami Leonard M. Miller School of Medicine/Jackson Memorial Medical Center, Miami, FL; and a one-year fellowship in surgical pathology at the prestigious Mt. Sinai Medical Center, Miami Beach, FL. Dr. Thompson is nationally board-certified in anatomic and clinical pathology with training and expertise in surgical and urologic pathology.

Bruce Walton, Executive Vice President of Operations, Aurora Diagnostics, stated, "We are very pleased that Dr. Thompson has accepted the role of ADXM&K Laboratory Director. Her leadership skills, medical expertise, and her unwavering commitment to the provision of exceptional health care can only serve to strengthen our competitive advantage throughout the Florida region."

ADXM&K has provided the highest quality, customized, pathology laboratory services throughout Florida and Southeast region for over 20 years. ADXM&K's services will continue to focus on the provision of primary histological services, clinical consultations on difficult cases, and the conduct of molecular and esoteric testing services to assist referring clinicians in the diagnosis and management of diseases related to gastrointestinal and genitourinary disease, surgical pathology and oncology.

Aurora Diagnostics is a specialized laboratory company focused on anatomic pathology with over 19 locations in the United States. Employing over 115 licensed physicians, Aurora Diagnostics provides high quality diagnostics and testing information for the patients of its primary referral sources: dermatologists, OB/GYN professionals, gastroenterologists, urologists, general surgeons, oncologists, and over 50 community-based hospitals.
